CARE FOR WAX FINISHES

The beauty of our finishes are a result of the environment they are installed coupled with the level of use and exposure to factors such as salt spray and UV.

Please apply a clear furniture paste wax and let dry. Using a soft cloth to remove the dried wax and shine the part to level of desired brightness. We recommend using a soft bristle brush to remove any excess/dried wax from low ground or detail (i.e. coin, rope, etc.) that may be hard to remove with a cloth.

We recommend applying the wax every six months.

BENEFITS AND CARE OF CERAKOTE®

Classic Brass believes that Cerakote® is the best protective top coating that is commercially available for the purpose of maintaining the beauty and quality of the Classic Brass product.

Our internal testing and research under both controlled circumstances and in field applications has concluded the Cerakote's® Mil Spec ceramic finish is vastly superior to lacquer for interior applications.

Classic Brass does not necessarily recommend a top coating other than wax on exterior finishes. However, Cerakote® is the next best solution subject to proper maintenance, care and expectations considering inherent degradation of all materials that exposed to the natural forces of the environment.

Cerakote® is manufactured in the United States and Classic Brass maintains expertise as a Certified Applicator of this ceramic polymer-based coating.

Cerakote® has a complementary benefit of reduced environmental impact compared to the footprint of other materials.

Cerakote® recommends cleaning with warm water, mild soap, then thoroughly dry with soft cloth. Avoid any harsh or granular type cleaners.

OUR PROMISE

The Classic Brass family take a great deal of pride in the products produced by our American craftsman. We offer a lifetime guarantee on the material and workmanship of our products. Our handcrafted wax finishes performed on our solid brass products are known as a “living finish” which means it will change with time, touch, climate and care techniques. Our finishes shipped with a lacquer or Cerakote® coating are guaranteed for a period of one year from date of receipt. We will refinish at our expense all products returned that we deem to be a defective finish.

Due to the fact each product will be exposed to a varying set of conditions, we do not warranty the finish of our products except as stated above. Repeated handling and use will result in an inherently beautiful and graceful finish desired by the finest residences across the world.

Classic Brass will repair or replace the defective product or parts that fall within these guidelines. If material is determined to be defective, the limit of damage is the price of the defective material. Classic Brass will not be liable for any labor charges regarding the removal or reinstallation of the products, transportation costs or associated handling expense related to the product. Defects or damage deemed to have been caused by accident, misuse, abuse or improper installation are not covered by this warranty. Surface scratches and wear are not manufacturing defects but are indicative of normal wear and tear. Classic Brass will be the sole interpreter of the above warranty.
